QUOTES OF THE WEEK

"Christianity preaches the infinite worth of that which is seemingly worthless and the infinite worthlessness of that which is seemingly so valued."

“In a world where success is the measure and justification of all things the figure of Him who was sentenced and crucified remains a stranger and is at best the object of pity. . . . The figure of the Crucified invalidates all thought that takes success for its standard."

“We pray for the big things and forget to give thanks for the ordinary, small (and yet really not small) gifts. How can God entrust great things to one who will not thankfully receive from Him the little things?”

(Dietrich Bonhoeffer)

SOUND

Morning 29th March – Jacques Marais

Plagues, disruptions, wars – all have happened before in history; and have befallen true believers who found by those experiences that God is great & unchanging in His faithfulness. Whatever may befall a Christian, the Lord is upon His throne, and we may cast our burdens upon Him.

PRAYER

THANKSGIVING

- For the many medical staff that are currently working around the clock to help combat the spread of the coronavirus.
- For God's sovereignty and the knowledge that despite all the uncertainty God's for us; using all things for His glory and the good of His people (Romans 8).
- For the government's swift intervention regarding the coronavirus (a faster response than many countries in Europe and Asia) .
- For our technical team who have gone to great length to assist with a streamed/recorded service.

INTERCESSION

- That we would react with wisdom to this pandemic, by being cautious but calm (finding contentment in Christ - Hab. 3:16-18).
- For Jacques, as his operation (in London) has been postponed indefinitely.
- That instead of being anxious we would pray more (Philippians 4:6-7)
- For the many people that are ill, that the Lord (the Great Physician, that uses medicine and doctors to heal) would heal those with various ailments.
- For the elderly in our church & land, who are more vulnerable to the coronavirus.
